What Did the Woggle Bug Say?

Editor of The Times-Dispatch will find himself or herself puzzling over this perplexing question after he has read the play in the Magazine Section devoted to the doings of the "Queer Visitors from the Marvelous Land of Oz."

The Woggle Bug, wise man of the party, undertakes to answer all questions for his comrades from Oz. He has to answer one each week. His answer is not printed. The reader is left to discover it. The pictures and descriptive matter make this comparatively easy to the active mind. Both the pictures and the story are guides to the solution of the problem, and the question admits of but one correct answer. The puzzles require only ordinary skill.

\$25.00 in Prizes.

To stimulate interest in the visit of the people from the Land of Oz, The Times-Dispatch will give Twenty Dollars in cash and five copies of Mr. Baum's interesting book, "The Marvelous Land of Oz," each month to those of its readers who send in correct or nearly correct answers to the questions put to the Woggle Bug by his companions.

REBUILD THE PLANT

R. A. Patterson Company Will Put Burned Structure in Original Condition

EXACT LOSS YET UNKNOWN

But It Is Fully Covered by Insurance—The Hands Resume To-day.

When the whistle blows at 7 o'clock this morning the hands employed in factory No. 1 of the R. A. Patterson Tobacco Company, at Seventh and Arch Streets, will resume operations in that portion of the building that escaped the ravages of the flames which lacked little of destroying the entire building on Tuesday night.

In the structure which was burned the company had its manufacturing department, but this was in the wing, and the main portion of the building will be opened this morning and the employees will again take up their work.

Mr. M. W. Patterson stated yesterday that they were not greatly crippled by the fire, and that just as soon as the insurance was adjusted, which would be very shortly, the burned building would be restored to its original condition and work would then be resumed. No definite amount of loss can as yet be ascertained, but the insurance upon the stock, building and fixtures amounted to one hundred thousand dollars.

The following is one statement furnished by Messrs. Williamson Talley and Company, by whom the insurance was placed:

CROWDS EVERYWHERE.

Prominent Democratic Speakers Have Found No Lack of Interest

State Chairman J. Taylor Eliason was well pleased with the outlook in Virginia, particularly speaking yesterday.

"This has been a remarkable campaign thus far," said Mr. Eliason.

"In what respect?" he was asked.

"In the apathy manifested by the voters of both parties all over the country. It is a great improvement over the Democratic. There is not much enthusiasm in the country at large. No one can tell just what it means. It may mean a great upheaval, or it may mean that the people have made up their minds and see no occasion to grow enthusiastic."

Young Man Under Arrest.
Fred Schute, a young white man, was on Tuesday afternoon arrested, and placed in the Henrico county jail, charged with doing business without a license.

Schute is alleged to have been doing around the county with a proposition of enlarging photographs and selling a picture taken with each order that he took. The business has become common one in the rural district, and Judge Scott, of the Circuit Court, has more than once severely fined those proven guilty.

Valuable Acquisition.
The Valentine Museum has just received a complete set of files of the Richmond Enquirer, covering the "reconstruction period." This history of Virginia, and particularly of Richmond, in detail, piled up in the files of the old Enquirer, and no set of volumes are now more valuable.

Governor at Old Point.
Governor Montague left for Old Point at 4 o'clock yesterday afternoon, and spoke to the Railroad Ticket Sellers' Association there last night, and went on to Annapolis to make a series of speeches for the Democratic national ticket.

Costly Cutting Square.
It cost they Shelton ten plunks to cut Carrie Walker, and he was given sixty days besides by Justice John in the Police Court yesterday.

Outlook Is Bright.
The Third District Democratic Committee met yesterday afternoon and went over the local situation in detail. The members appeared pleased with the outlook for Captain Lamb's piling up a big majority.

Williamsburg Folk Here.
Miss Martha and Miss Mary Spencer, Mr. B. Peachy, of Williamsburg, arrived yesterday morning to attend the Horse Show.

Dr. Drewry Better.
Dr. S. D. Drewry, of "Mincola," Chesterfield county, who was taken so ill Sunday, was considerably improved yesterday.

HOSPITAL IS NOW PAYING VERY WELL

Recent Reports Places Nice Sum on Right Side of the Ledger.

The Memorial Hospital Corporation which has had the management of the hospital for the past six months, has just received a report from its treasurer, which shows the hospital to be on a paying basis, and that for the period from March to October the institution paid the running expenses and had left a considerable balance.

The principal object in view when the hospital was endowed, was that indigent patients were to be treated, and that the hospital was not to be a money-making concern for individuals. It was intended that all receipts above the expenses were to be put into what is known as the maintenance fund. During the period the corporation has had the hospital in charge the treasurer reports contributions from citizens to the amount of \$3,237.17.

The number of patients treated during the six months is most gratifying, there being 635 admitted, and 61 others treated who did not remain in the hospital. This also does not include patients treated by the X-ray department—a considerable number.

During the six months there were 421 major operations, and the expenses, exclusive of interest amounted to \$20,623.65. The total expenses in the charity cases amounted to \$2,681.81. It will be seen that the amount contributed was just \$300 more than the actual expenses in this department.

It is particularly pleasing to the management that they have been able to run the institution without going into debt, and at the same time give the best of service and attention.

MUNYON'S REMEDIES

Are Safe Remedies and Should Be in Every Home.

In the compounding of my remedies and preparation is concentrated the knowledge and successful researches of the brightest medical minds that the country has to offer.

There is nothing experimental about them. Years ago they passed that stage, and countless thousands have testified that they have found health through their use.

There are no "cure alls" among them. My Kidney Cure contains a separate cure for each disease. That is why they are called home remedies, or the "family doctor," as they are frequently termed by those who depend upon them absolutely to keep the household in good health.

My Pain-Expeller is the grandest stomach and nerve tonic known. It builds up the run-down, gives strength to the debilitated, restores animation and makes old folks feel young and the weak feel strong.

My Rheumatism Cure has rid more people of this distressing disease than all other remedies combined. I will return the money to any rheumatic whom it will not help.

Kidney disease, in nine cases out of ten, tells you how to keep your Kidney Cure, and Bright's Disease is frequently prevented by its use.

If you are constipated or bilious or are troubled with headaches arising from a disordered stomach, take a few doses of my Pain-Expeller. It will give you quick relief.

Colds, which come with the rainy season, and which are so annoying, can be cured quickly and surely with my Cold Cure.

And these are but a few of my remedies. Why not ask your druggist for my Guide to Health, which is free and which tells you how to keep well? You may save you from a serious illness.

Remember that all of my remedies are absolutely harmless. In taking them you incur no such chances as you do in taking drastic and debilitating drugs. They are safe. They are sure—MUNYON'S.

FIGHT WILL BE SPIRITED

Medical Society Takes Up Reorganization Plan This Morning—Lively Discussion.

SUPPORTERS ARE HOPEFUL

Many Interesting Papers Read Yesterday—Doctors Attend Clinics at Hospitals.

The second day's proceedings of the Virginia Medical Society, now in session at the Masonic Temple, promises to be by far the most interesting of the meeting. The body devoted its time yesterday to the hearing of papers and discussion of them. The doctors also spent several hours at the Virginia and Memorial Hospitals, where clinics were held.

The society will meet to-day at 10 o'clock in the ball-room of the Temple and will immediately take up the discussion of the reorganization plan.

The proposed "reorganization plan," as presented by its advocates is simply this: Hereafter the society has been composed of county and city organizations and members of these societies have been privileged to vote in all elections. The supporters of the movement stand that with the present system, city organizations can readily carry any election, owing to their large membership, against the county societies. With the proposed new plan the societies will be county organizations only and delegates to the State society only will be allowed to have a voice in the business sessions, but members will, of course, be allowed to enter into discussion of a professional nature. These delegates will be selected in proportion to the membership of their respective societies.

Likely to be Carried.

While the opposition to the movement is exceedingly strong, it is pretty generally conceded that after a bitter fight, the supporters of the new movement will carry it through. Those who are in opposition claim that the society has gotten along and prospered under the present system and they see no reason for change. On the other hand the advocates of the movement claim that the society will be materially strengthened and will necessarily be more compact. The American Society is run along the same lines as those proposed by the reorganization advocates and they therefore are using this as an argument for their cause.

Yesterday's Session.

On yesterday morning the society met at the Temple and was immediately called to order by the president, Dr. Joseph Gale, of Roanoke.

Dr. Charles R. Grandy, of Norfolk, conducted a symposium on surgery. Papers were read by Dr. Grandy, Dr. J. S. Davis, of Charlottesville; Dr. John Williams, of Richmond, and Dr. Lewis G. Pedigo, of Leatherwood. The papers were limited to twenty minutes each and they therefore are using this as an argument for their cause.
